Transforming personal experiences through extraordinary classical performances and musical connection.

For over 75 years, the Atlantic Symphony Orchestra has delighted audiences throughout the region. The orchestra's reputation for excellence attracts Boston's finest musicians and internationally renowned guest soloists and ensembles. Members of the orchestra include both seasoned professionals and gifted young professionals from the world's leading conservatories. The majority of the members have been fellows at Tanglewood, Aspen, Schleswig-Holstein, and Pacific Music Festivals.

An orchestra that performs as well on stage as it does on paper.

Providing phenomenal performances and a concert-going experience unmatched by other regional professional orchestras, the ASO is directed by experienced, dedicated and successful leaders. The ASO has a strong governance and organizational structure along with first rate board, staff and musicians. Music Director and Conductor, Jin Kim, has been providing ASO’s artistic leadership since 1997, accompanied by ASO’s Chief Executive Officer, Karen Thompson, since 2014. The orchestra is overseen by a talented and diverse Board of Directors and Board of Trustees. The ASO is by far the most fiscally efficient orchestra in New England, providing the same number of concerts and events as other regional professional orchestras on less than half of the budget.
